Boil Water Notice for Community Public Water Systems

May 5, 2025

Due to a severe leak The Chester Water Supply Corp, the Texas Commission on Environmental Quality has required the Chester Water Supply Corp to notify all customers that are on the Barnum Water Plant to boil their water prior to consumption (e.g. washing hands/face, brushing teeth, drinking, etc). Children, seniors, and persons with weakened immune systems are particularly vulnerable to harmful bacteria, and all customers should follow these directions.

To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and ice making should be boiled and cooled prior to use for drinking water or human consumption purposes. Ther water should be brought to a vigorous rolling boil and then boiled for two minutes. In lieu of boiling, individuals may purchase bottled water or obtain water rom some other suitable source for drinking water or human consumption purposes.

Once the boil water notice is no longer in effect, The Chester Water Supply Corp will issue a notice to customers that rescinds the boil water notice in a public place or distributing copies by hand or mail. If you questions concerning this matter, you may contact Ray McKnight 936-398-9181, 141 Cade St Chester Tx 75936.

George Ibson at 936-969-2360. You may also call the main office to speak with Balela Weaver or Oveita Barns at 936-969-2360 hours of operation are 8 a.m. until noon Monday-Friday.
